RAPIDE e-course on relevant pedagogies and LA

RAPIDE e-course on relevant pedagogies and LA		
This e-course consists of four chapters: innovative pedagogies (FC & WBL); assessment related to innovative pedagogies; learning analytics; impact of innovative pedagogies		
Planned ECTS: 4		
Number of learners: 45		
Mode of delivery: Online		
Status: COMPLETED		
Course public access: Public		
Contributors: Darko Grabar, Petra Vondra, Mirza Žižak, Nikola Kadoić, Blaženka Divjak, Barbi Svetec, Bart Rienties, Gillian Saunders-Smits, Michael Eichhorn, Dora Brauneger, Francisco Iniesto, Nataša Hoić-Božić, Josipa Badari, Marta Žuvić, Gitte van Helden, Alexander Tillmann, Angela Rizzo, Vivian van der Werf		
Course learning outcome	**Level**	**Weight**
Describe the concept of innovative teaching approaches that stimulate student engagement and a deep approach to learning.	Understanding	8
Design and implement FC and WBL in online environment, taking into account the study and subject field and students' background and needs.	Applying	12
Design and implement assessment methods related to FC and WBL in online environment, taking into account learning outcomes and students' background.	Applying	12
Implement peer-assessment and student project assessment using a peer-assessment app or tool.	Applying	10
Analyse aspects in which learning analytics can be used in order to support students in learning and their teachers in facilitate students' learning in online environment.	Analysing	10
Analyse LA models and dashboards that support students in FC and WBL in online environment, taking into account study and subject field and student background and needs.	Analysing	10
Interpret LA data taking into account ethical aspects of LA.	Evaluating	10
Choose appropriate assessment methods, taking into account inclusiveness, learning outcomes, validity, reliability, resources, and educational impact.	Applying	8
Estimate the impact of innovative pedagogies on the strategic goals of an institution.	Analysing	10

										Assessment		
Relate LA to the social impact and informed decision-making in HE.								Analysing				10

Total weight: 100

Innovative pedagogies (FC & WBL)

Describe the concept of innovative teaching approaches that stimulate student engagement and a deep approach to learning. (**90%)**, Design and implement FC and WBL in online environment, taking into account the study and subject field and students' background and needs. (**90%)**, Design and implement assessment methods related to FC and WBL in online environment, taking into account learning outcomes and students' background. (**10%)**, Estimate the impact of innovative pedagogies on the strategic goals of an institution. (**10%)**

Prepare!

Topic / Unit name	Workload	Learning type	Mode of delivery			Groups	Collaboration	Feedback	Mandatory activity	Points	Type	Providers
[FOI*] Introductory reading on work-based learning (WBL) A short reading material presenting a summary of research on WBL in online environments.	30 min	Acquisition	Online	Asynchronous	Teacher not present	No	No	No	No	No		
Introductory video on FC and WBL Introduction to the key concepts related to FC and WBL in general, with examples from project HEIs.	20 min	Acquisition	Online	Asynchronous	Teacher not present	No	No	No	No	No		
[FOI*] Quiz on FC and WBL A short quiz covering the key notions related to FC and WBL, based on the reading material.	30 min	Assessment	Online	Asynchronous	Teacher not present	No	No	Automated	No	2	Formative	Automated

Discussion on prior experiences Participants share experiences in FC and WBL in a discussion forum. The discussion is moderated by the OU.	60 min	Discussion	Online	Asynchronous	Teacher not present	No	No	Peer	No	No		
[FOI*] Introductory reading on flipped classroom (FC) A short reading material presenting a summary of research on FC in online environments.	30 min	Acquisition	Online	Asynchronous	Teacher not present	No	No	No	No	No		
Total unit workload	2.83h											
Engage!												
Reflect on FC and WBL experiences from colleagues Participants discuss (synchronously) their experiences related to FC and WBL and compare those based on the introductory read.	60 min	Discussion	Online	Synchronous	Teacher present	No	Yes	Teacher	No	2	Formative	Teacher, Automated
Investigation of students' perspectives on FC and WBL Participants explore available case studies related to FC and WBL.	120 min	Investigation	Online	Asynchronous	Teacher not present	No	Yes	No	No	No		

Preparation of a design on FC Participants work in groups to prepare proposals for designing and (potentially) implementing FC approaches.	180 min	Production	Online	Synchronous	Teacher present	Yes	Yes	Teacher, Peer	No	No		
Peer review of FC Peer-assessment of the proposed FC design.	30 min	Assessment	Online	Asynchronous	Teacher not present	No	No	No	No	10	Summative	Teacher, Peer
Preparation of a design on WBL Participants work in groups to prepare proposals for designing and (potentially) implementing WBL approaches.	180 min	Production	Online	Synchronous	Teacher present	Yes	Yes	Teacher, Peer	No	No		
Peer assessment of WBL Peer-assessment of the proposed design of WBL	30 min	Assessment	Online	Asynchronous	Teacher not present	No	No	No	No	10	Summative	Teacher, Peer
Q&A and live discussion Participants discuss further questions related to FC and WBL in a moderated live (synchronous) discussion. The first part includes presentations of a few WBL and FC concepts. The second part includes a discussion on the key challenges related to WBL and FC.	120 min	Discussion	Online	Synchronous	Teacher present	No	Yes	Teacher, Peer	No	2	Formative	Teacher, Peer, Automated
Total unit workload	12h											

Extend!												
Further reading and individual research *Reading material related to most recent research on FC and WBL, with hints for investigation.*	120 min	Investigation	Online	Asynchronous	Teacher not present	No	No	No	No	No		
Problem solving related to FC and WBL *Participants reflect together on the potential benefits and risks of FC and WBL. Participants provide their interpretation, followed by peer-assessment.*	120 min	Practice	Online	Asynchronous	Teacher not present	Yes	Yes	Peer	No	No		
Peer-assessment *Solutions to the problem assignement are peer-assessed.*	60 min	Assessment	Online	Asynchronous	Teacher not present	No	No	Teacher, Peer	No	10	Summative	Teacher, Automated, Self
Further reading *Participants are provided with additional research articles for independent learning*	300 min	Investigation	Online	Asynchronous	Teacher not present	No	No	No	No	No		
Total unit workload	10h											

Assessment related to innovative pedagogies

Describe the concept of innovative teaching approaches that stimulate student engagement and a deep approach to learning. (**10%**), Design and implement FC and WBL in online environment, taking into account the study and subject field and students' background and needs. (**10%**), Design and implement assessment methods related to FC and WBL in online environment, taking into account learning outcomes and students' background. (**90%**), Implement peer-assessment and student project assessment using a peer-assessment app or tool. (**100%**), Choose appropriate assessment methods, taking into account inclusiveness, learning outcomes, validity, reliability, resources, and educational impact. (**100%**)

Prepare!

[TU] Intro to the course - video Introduction and welcome video of module. Sets out LO and gives Short definition and explains concepts of FC and WBL as defined within Scope of Rapide Project	30 min	Acquisition	Online	Asynchronous	Teacher not present	No	No	No	No	No		
[TU]([FOI]-completed)Introductory reading/video on assessment in flipped classroom (FC) A short reading material presenting a summary of research on assessment in FC in online environments. Gillian to build on FOI existing material that is already there to align. No further FOI action needed.	60 min	Acquisition	Online	Asynchronous	Teacher not present	No	No	No	No	No		
[TU]([FOI] -completed) Quiz on assessment in FC A short quiz covering the key notions related to assessment in FC, based on the reading material. Gillian to build on FOI existing material that is already there to align. No further FOI action needed.	30 min	Assessment	Online	Asynchronous	Teacher not present	No	No	Automated	No	2	Formative	Automated

	Duration	Type	Mode	Timing	Teacher							
[TU] ([FOI]-completed)Introductory reading/video on assessment in work-based learning (WBL) A short reading material presenting a summary of research on assessment in WBL in online environments. Gillian to build on FOI existing material that is already there to align. No further FOI action needed.	60 min	Acquisition	Online	Asynchronous	Teacher not present	No	No	No	No	No		
[TU] ([FOI] -completed) Quiz on assessment in WBL A short quiz covering the key notions related to assessment in WBL, based on the reading material. Gillian to build on FOI existing material that is already there to align. No further FOI action needed.	30 min	Assessment	Online	Asynchronous	Teacher not present	No	No	Automated	No	2	Formative	Automated
[TU]Discussion on prior experiences Participants are asked to share their experiences in assessment in FC and WBL in a discussion forum be it as an assessor or as an assessee and are asked to respond to each other's posts.	30 min	Discussion	Online	Asynchronous	Teacher not present	No	No	Peer	No	No		

[TU]Summary of Key Concepts In this section, the key concepts of this part of the module are summarized with links to the relevant sources where possible.	20 min	Acquisition	Online	Asynchronous	Teacher not present	No	No	No	No	No		

Total unit workload	4.33h

Engage

[TU] Peer assessment Video - This video highlights possible types of peer assessment. Will also aim to inspire participants' own ideas about implementation to increase students' motivation and engagement. This may become two videos depending on the length.	30 min	Investigation	Online	Asynchronous	Teacher not present	No	No	No	No	No		
[TU] Reading on peer assessment Students are asked to read a Literature review on peer assessment that lead to further investigation of type of Peer Assessment they may want to employ in their own courses.	60 min	Investigation	Online	Asynchronous	Teacher not present	No	No	No	No	No		
[TU]Quiz Knowledge check on peer assessment	20 min	Assessment	Online	Asynchronous	Teacher not present	No	No	Automated	No	5	Summative	Automated

[tu][FOI/SoM]Case studies videos 3 Videos - 3 different case studies (Delft -2 for Peer Review and Peer Evaluation, FOI/SoM on Peer Grading - Moodle plug in Darko) with hints for practice (help participants plan their own implementation)	60 min	Practice	Online	Asynchronous	Teacher not present	No	No	No	No	No
[TU]Reading on additional case studies Introducing participants to a number of other case studies available in form of text for participants to investigate on their own and to inspire and inform their own practice	90 min	Investigation	Online	Asynchronous	Teacher not present	No	No	No	No	No
[TU]Talk show - live from NMC Delft via ZOOM - preliminary date 29 June Live Talk show with successful experts and experienced users (2-3) who will answer Participants' questions on Peer Assessment under the Ask Me Anything Principle hosted by a moderator. Participants can ask questions live but can also submit questions before hand.	90 min	Discussion	Hybrid	Synchronous	Teacher present	No	Yes	Teacher, Peer, Other	No	No

[TU]Create own plan for peer assessment Participants choose an activity in a course they want to use PA in and post their plan for peer assessment taking into account students' backgrounds, constructive alignment, etc.	120 min	Production	Online	Asynchronous	Teacher not present	No	No	No	No	No		
[TU]Discussion and feedback on participants proposals of peer assessment Participants are now asked to comment on their fellow participant's plans. The instructors will also provide feedback to each plan	120 min	Discussion	Online	Asynchronous	Teacher present	No	Yes	Teacher, Peer	No	5	Summative	Teacher, Peer, Self
[TU]Confirmation of Submission and Discussion Board Participation This section will be a quiz used to have participants confirm that they contributed a PA Proposal and Gave Feedback on at least two other people's proposals which will count towards their course completion.	10 min	Assessment	Online	Asynchronous	Teacher not present	No	No	No	No	1	Summative	Automated, Self

[TU]Summary of Key Concepts in PA This closes out this section of the course by summarizing the key concepts covered including links to relevant documentation.	20 min	Acquisition	Online	Synchronous	Teacher not present	No	No	No	No	No
Total unit workload	10.33h									
Extend!										
[TU input from others always appreciated]Digital tools for peer assessment In this section links to the many different PA tools and options that are available are shared, such as FOI Moodle plugin, CATME by Purdue etc. It is aimed to keep the list up-to-date by asking participants to share successful examples they have come across in their practice.	150 min	Practice	Online	Asynchronous	Teacher not present	No	No	No	No	No
[TU]Share your experience Participants share their experience (in a discussion forum) on assessment implementations, including student feedback, literature references, tools...	210 min	Investigation	Online	Asynchronous	Teacher not present	No	Yes	Teacher, Automated, Peer, Other	No	No

[TU][foi - completed using input from your presentation in FF]Pitfalls of peer-assessment A short summary of some of the pitfalls of PA with references for further reading and investigation provided.	180 min	Investigation	Onsite	Asynchronous	Teacher not present	No	No	No	No	No
[TU]Rubric for PBL assessment Video and reading materials on how to use criteria-based assessment and rubric in the assessment of PBL.	90 min	Acquisition	Online	Asynchronous	Teacher not present	No	No	No	No	No
[TU]Goodbye This section closes the course and says thank you the participants for their participation. It asks them to stay in touch and continue to share their practices in Peer Assessment	10 min	Acquisition	Online	Synchronous	Teacher not present	No	No	No	No	No
Total unit workload	10.66h									

Learning analytics and dashboards

Analyse aspects in which learning analytics can be used in order to support students in learning and their teachers in facilitate students' learning in online environment. (**100%**),

Analyse LA models and dashboards that support students in FC and WBL in online environment, taking into account study and subject field and student background and needs.

(**100%**), Relate LA to the social impact and informed decision-making in HE. (**20%**), Interpret LA data taking into account ethical aspects of LA. (**90%**)

Prepare!

[FOI*] Introductory video on LA Video with basic information about LA and dashboards (5min).	15 min	Acquisition	Online	Asynchronous	Teacher not present	No	No	No	No	No		
[FOI*] Introductory reading on LA Short reading material on the basics of LA.	45 min	Acquisition	Online	Asynchronous	Teacher not present	No	No	No	No	No		
[FOI*] Quiz Short quiz with questions related to introductory materials (video, reading).	30 min	Assessment	Online	Asynchronous	Teacher not present	No	No	Automated	No	2	Formative	Automated
[FOI*] Discussion on experiences Discussion forum on experiences in the use of LA.	60 min	Discussion	Online	Asynchronous	Teacher not present	No	Yes	Peer	No	No		
Total unit workload	2.5h											
Engage!												
[FOI] Introductory exchange of experiences Participants discuss (synchronously) their experiences related to LA, or ideas based on the literature.	60 min	Discussion	Online	Synchronous	Teacher present	No	Yes	Teacher, Peer	No	2	Formative	Teacher, Automated

[FOI] Investigation of students' & teachers' perspectives on LA dashboards Participants explore available resources related to features of LA dashboards expected and needed by students and teachers. Some materials are provided in the e-course, but participants can also consult other available sources.	180 min	Investigation	Online	Asynchronous	Teacher not present	No	Yes	No	No	No		
[FOI] Concepts for student or teacher dashboards Based on the reading and other materials, participants work in groups/individually to identify key features and prepare concepts for student or teacher dashboards for FC and PBL.	180 min	Production	Online	Asynchronous	Teacher not present	Yes	Yes	Peer	No	No		
[FOI] Peer-assessment Peer-assessment of the proposed student or teacher dashboard concepts.	30 min	Assessment	Online	Asynchronous	Teacher not present	No	No	No	No	10	Summative	Teacher, Peer

[FOI] Q&A and live discussion Participants discuss further questions related to LA in a moderated live (synchronous) discussion. The first part includes presentations of a few dashboard concepts. The second part includes a discussion on the key challenges related to LA, such as dashboard data collection and interpretation, ethical issues.	120 min	Discussion	Online	Synchronous	Teacher present	No	Yes	Teacher, Peer	No	2	Formative	Teacher, Peer, Automated
Total unit workload	9.5h											
Extend!												
[FOI] Further reading on data interpretation Reading material related to tips & tricks on data interpretation, with hints for investigation.	120 min	Investigation	Online	Asynchronous	Teacher not present	No	No	No	No	No		

Activity	Duration	Type	Environment	Timing	Teacher							
[FOI] Problem-solving related to data interpretation Participants work on a problem assignment from a real-world context related to data interpretation in an educational setting. Participants provide their interpretation, followed by peer-assessment.	120 min	Practice	Online	Asynchronous	Teacher not present	Yes	Yes	Peer	No	No		
[FOI] Peer-assessment Solutions to the problem assignement are peer-assessed.	60 min	Assessment	Online	Asynchronous	Teacher not present	No	No	Teacher, Peer	No	10	Summative	Teacher, Automated, Peer, Self
[FOI] Further reading on ethical use of data Reading material - guidelines on ethical use of data in higher education, with hints for further investigation.	120 min	Investigation	Online	Asynchronous	Teacher not present	No	No	No	No	No		
[FOI] Discussion on ethical use of data Participants are provided with examples to be discussed from the point of view of ethical use of data in higher education. Participation in the discussion forum awarded by points.	60 min	Discussion	Online	Asynchronous	Teacher not present	No	No	Teacher, Peer	No	5	Formative	Teacher, Peer

[FOI] Further reading Participants are provided with additional reserach articles for independent learning.	300 min	Investigation	Online	Asynchronous	Teacher not present	No	No	No	No	No
Total unit workload	13h									

Impact of innovative pedagogies

Estimate the impact of innovative pedagogies on the strategic goals of an institution. (**90%**), Relate LA to the social impact and informed decision-making in HE. (**80%**),

Interpret LA data taking into account ethical aspects of LA. (**10%**)

Prepare!

[GU] Introductory video on impact A short introductory video on ensuring (social) impact.	15 min	Acquisition	Online	Asynchronous	Teacher not present	No	No	No	No	No
[GU] Introductory reading on impact and strategy A reading material on impact and strategy.	90 min	Acquisition	Online	Asynchronous	Teacher not present	No	No	No	No	No
[FOI] Introductory video on strategic planning Introduction on BSC and DOI	15 min	Acquisition	Online	Asynchronous	Teacher not present	No	No	No	No	No
[FOI] Introductory reading on strategic planning Text about BSC and DOI	60 min	Acquisition	Online	Asynchronous	Teacher not present	No	No	No	No	No

[FOI] [GU] Selfassessment test Participants will have a selfassessment test related to the basic concepts of IO4	30 min	Assessment	Online	Asynchronous	Teacher not present	No	No	No	No	2	Formative	Automated
[GU] Discussion on impact and strategy Participants share their perspectives on impact and strategy, based on guiding questions.	60 min	Discussion	Online	Asynchronous	Teacher not present	No	No	Peer	No	No		
Total unit workload	4.5h											
Engage!												
[GU] Planning impact analysis with the logical model results staircase Participants apply the staircase to their courses by using a table with criteria within a Wiki	90 min	Production	Online	Asynchronous	Teacher not present	No	No	No	No	No		
[GU] Peer-feedback of the planning results Participants assess others results using peer feedback guidelines; working in small groups in breakout-rooms	120 min	Assessment	Online	Synchronous	Teacher present	Yes	Yes	Peer	No	No		

Activity	Duration	Type										
[FOI] Measuring the influence of innovative teaching activities on strategic goals Lecture on methodology for measuring the influence of innovative teaching on strategic goals of the institution	90 min	Acquisition	Online	Synchronous	Teacher present	No	No	No	No	No		
[FOI] Workshop on the application of the methodology for measuring the impact of innovative teaching on strategic goals Participants apply the methodology in group decision making	180 min	Production	Online	Asynchronous	Teacher not present	Yes	Yes	Teacher, Peer	No	10	Summative	Teacher, Peer
[GU] Investigation of study designs and indicators for impact analysis Reviewing indicators and appropriate scales from a list, suitable for the chosen evaluation objectives.	60 min	Investigation	Online	Asynchronous	Teacher not present	No	No	No	No	No		
[GU] Concept of study design for impact analysis Creation of an evaluation concept or a study design for the impact analysis from the selected indicators	60 min	Production	Online	Asynchronous	Teacher not present	No	No	No	No	10	Summative	Teacher, Peer

[GU] Peer-feedback on study designs and/or evaluation concepts Participants give feedback in groups on study design and/or evaluation concepts	90 min	Assessment	Online	Synchronous	Teacher present	Yes	Yes	Teacher, Peer	No	No
[FOI] Peer-assessment of the workshop results (MIT) Student assess others groups results	75 min	Assessment	Online	Synchronous	Teacher present	Yes	No	Teacher, Peer	No	No
Total unit workload	12.75h									
Extend!										
[GU] Revision of the evaluation concept based on the feedback participants finalize the evaluation concepts and/or study designs	60 min	Production	Online	Asynchronous	Teacher not present	No	No	Teacher	No	No
[GU] Concept of study design for impact analysis - future work Participants conduct further work and individual research on concept of study design for impact analysis	165 min	Investigation	Online	Asynchronous	Teacher not present	No	No	No	No	No
[FOI] MIT - further work Participants conduct further work and individual research on the MIT	90 min	Investigation	Online	Asynchronous	Teacher not present	No	No	No	No	No

[FOI] Investigation on how to use LA in strategic planning *Participants learn about different uses of LA in strategic planning*	90 min	Investigation	Online	Synchronous	Teacher present	Yes	Yes	Teacher, Peer	No	No
[GU] [FOI] Q&A and discussion *Participants discuss further questions related to impact analysis, strategic planning and LA*	60 min	Discussion	Online	Asynchronous	Teacher not present	No	Yes	Teacher, Peer	No	No
Total unit workload	7.75h									
Total course workload	**100.16h**
